## Presidency Message

*Patti Lund*

Hi, I'm Patti Lund. We moved to Cedar City from Sandy, Utah July 1, 1996. Since my husband is a geologist we moved around the West quite a bit before settling in Utah 33 years ago. We have a son who lives nearby and 3 dogs and 3 cats. I grew up doing embroidery then moved on to crewel work and needlepoint. I started quilting in 1978 when I saw a bandana quilt on the cover of Family Circle Magazine. I made it for our son who used it until it wore out. Then I started making baby quilts. One would think that after 34 years I'd be a more accomplished quilter but I'm still practicing. I joined the Guild after the 2007 Quilt Retreat (or was it 2008, can't remember for sure) and have learned so much and have had such a good time. It is my pleasure to associate with all the gracious and talented people of this guild. Thanks!

\* *Patti*

### **Spotlight:**

*JoAnn Templin*

**JoAnn Templin** is the youngest of her family and grew up on a ranch in the booming metropolis of Henryville, UT (population 150). Having decided that ranching was not for her, she came to Cedar City right after graduation in 1977.

She lived in Texas for a few years but missed Utah and moved back to Cedar. She has been “quilting since birth because they put me under the frame” and yet has no quilts of her own because she gives them all away. She couldn’t even begin to guess the number she has made!

Her husband is retired Army Special Forces. They met when he came here on assignment to teach ROTC at SUU after many years of service that he probably can’t talk about. He also taught at BYU for a time. They have a grand-daughter adopted at 4 months old and is now nine.

JoAnn does long-arm work as well as embroidery and has done many things for the guild.

She also is very shy and agreed to do this spotlight, I believe, because Scott twisted her arm. We all know how persuasive he can be!!!!

## Library News From our Library

“Shortcuts – A Concise Guide to Rotary Cutting” by Donna Lynn Thomas

Although the idea of rotary cutting is to avoid the use of templates, there are specific occasions when paper cutting guides are necessary. Shortcuts will teach you to tape these guides to a rotary ruler so you can quick cut odd sized

pieces, thereby avoiding laborious template marking and cutting.

## Retreat

The Retreat Committee is in action - choosing, notifying, scheduling and publicizing. Meanwhile, the prize scavenger is on the lookout for new, unused items such as notions, patterns or books that could be used for our drawings at the retreat. Please bring anything you wish to donate to our general meetings and Patti Lund will gratefully accept it. Thank you!
