“Notes from our President”

Dear Quilters,

I have been working soooo hard at Physical Therapy to gain more use of my arm. I am foaming at the mouth to start quilting again. I have too many PIP's (Projects in Progress) that are calling to me. I also have UFO's if you prefer to call them by that name. I just need to sew!

“Notes from our President” cont. from Pg.1

Our Block of the Month is going well for most of you. I just get farther behind each month. I will catch up with you however. Our Coloring on Fabric class was well attended and the flowers looked beautiful. We have some talented quilters among us. Thank you Lynda, for teaching the class. Thank you Marie for finding all the teachers to help us.

I hope many of you come to help with our Humanitarian day. Service is a great way to build bonds among us, and a great way to help our community. Yes, we can earn money and give it to organizations but when we make something to give away it is even more meaningful.

What a crazy month this has been for my family. One of my sons cut two fingers and his thumb

off. They have been reattached, after two operations totaling 10 hours. It is still touch and go for now to know if they will all be saved, but it is a miracle that doctors know how to SEW fingers back on. (Some doctors would make great quilters. Maybe quilters would make great doctors.) Thank you for your prayers for him and my family, as well. You are great friends.

Summer is fast approaching and I know many of you will travel to other areas of the country. Let us hear of your adventures and new fabric shops you find!

~Laree

Pineapple Block

block. (think of this block as two X's - one runs diagonally, one runs straight up and left to right)but you can use 2 colors for this block or you can use a variety of scraps for one X and a solid or light print for the second X.

You will also need two squares either 3" or 4", cut in half on the diagonal for your corner pieces. If you are using scraps for the diagonal strips, use scraps for the triangles. If you are using a focus fabric, use it for the triangles.

I will provide a preprinted foundation for your block as well as other information on designing your block and material requirements for the top you will hopefully make in the future! This class will be using the directions from "Perfect Pineapples" by Jane Hall and Dixie Haywood. Please bring usual sewing supplies, including a 1/4" seam foot for your sewing machine, a small travel iron or regular iron (there is plenty of ironing in these blocks!), a sense of humor and adventure.
