

Liddle Needle Holder
Class by Wendy Liddle

Skill Level - All

Pattern Fee- \$15.00 includes pattern and kit to make 1 needle holder.

Duration 3 hours

Class Description

I have come up with this cute flower needle holder. It is my very favorite tool now. Inside is a strong earth magnet. It makes it so you will always have a place for your needle and not lose it. In this class you will be making (1) needle holder.

You can give these to your family and friends, and they make great gifts for your quilting friends. These are all my own patterns and I am always making new ones. There won't be time in class to make the paper pieced pineapple or log cabins ones, but I will bring some to purchase.

In class you will be making (1) wool needle holders.

I will bring kits to buy extra for \$4.00 (includes flower tin button tin)

So come join me for a fun relaxing class.

What is needed to bring;

Black sharpie

Needle

Floss- different colors- I will have some.
